EXPLANATORY NOTE

Because of increased costs of compilation and printing and because of the growth in personnel, both in the Foreign Service and in the Department of State, it has been necessary to curtail the printing of the complete Register.

This issue dated April 1, 1953, is to be used as a supplement to the complete Register dated April 1, 1951. It combines the material included in the 1952 supplement with new biographies and changes in assignment since April 1, 1952. The 1952 supplement may be discarded.

An asterisk (*) indicates that the complete biography of the person appears in the 1951 Biographic Register. Changes since that date are included in this issue. Full biographies of new appointees are also included in this supplement.

In addition to all Departmental personnel of grade GS-12 (General Schedule) and above, all Foreign Service officers, all Foreign Service Reserve officers, and Foreign Service Staff officers of class nine and above, ES-12 (Exempted Schedule) and above, and Technical Cooperation Administration (TCA) officers of class nine and above are included.

Incomplete biographic information is shown in cases where biographic data was not submitted.

It is planned to print a complete Register in 1954.

This Register is compiled and edited by the General Editing Branch, Division of Publications. Please report to that Branch any necessary corrections.
